McEwan Fraser Legal are delighted to offer to the market this magnificent city centre apartment, set in one of Glasgow's landmark and most iconic buildings. This lovely sandstone building was originally commissioned by the Co-Operative as their headquarters in the late 1880s and was designed and detailed in its distinctive French Renaissance style four-storey pavilions, capped by distinctive square domes that reach up into the skyline of the heart of the city.

This rare opportunity will suit a wide variety of buyers but will also appeal to professionals who want to retain an easy-to-manage home within striking distance of the main commercial centres. It is further complemented with a host of features including a secure entry system, underground parking and lift access to all levels. The grand entrance, with its magnificent staircase, point to an era of unrivalled wealth and quality rarely seen today.

Room dimensions are incredibly generous and the accommodation has been arranged to offer flexibility and individuality, with a seductively elegant open-plan living and kitchen area. The apartment has been freshly decorated, newly refurbished and designed to maximise the natural available light to create a modern ambience.

The open-plan kitchen and lounge are a fusion of practicality and style. Whether you are entertaining guests or kicking back after a long day, this flat is the perfect setting for it all. The kitchen has been beautifully fitted to include quality floor and wall-mounted units with a striking work surface. It also comes complete with a selection of brand-new integrated appliances.

The main bedroom is also very generous in size, with extraordinarily high ceilings that give the room a really grand feeling. A walk-in wardrobe allows you to keep the room clutter-free.

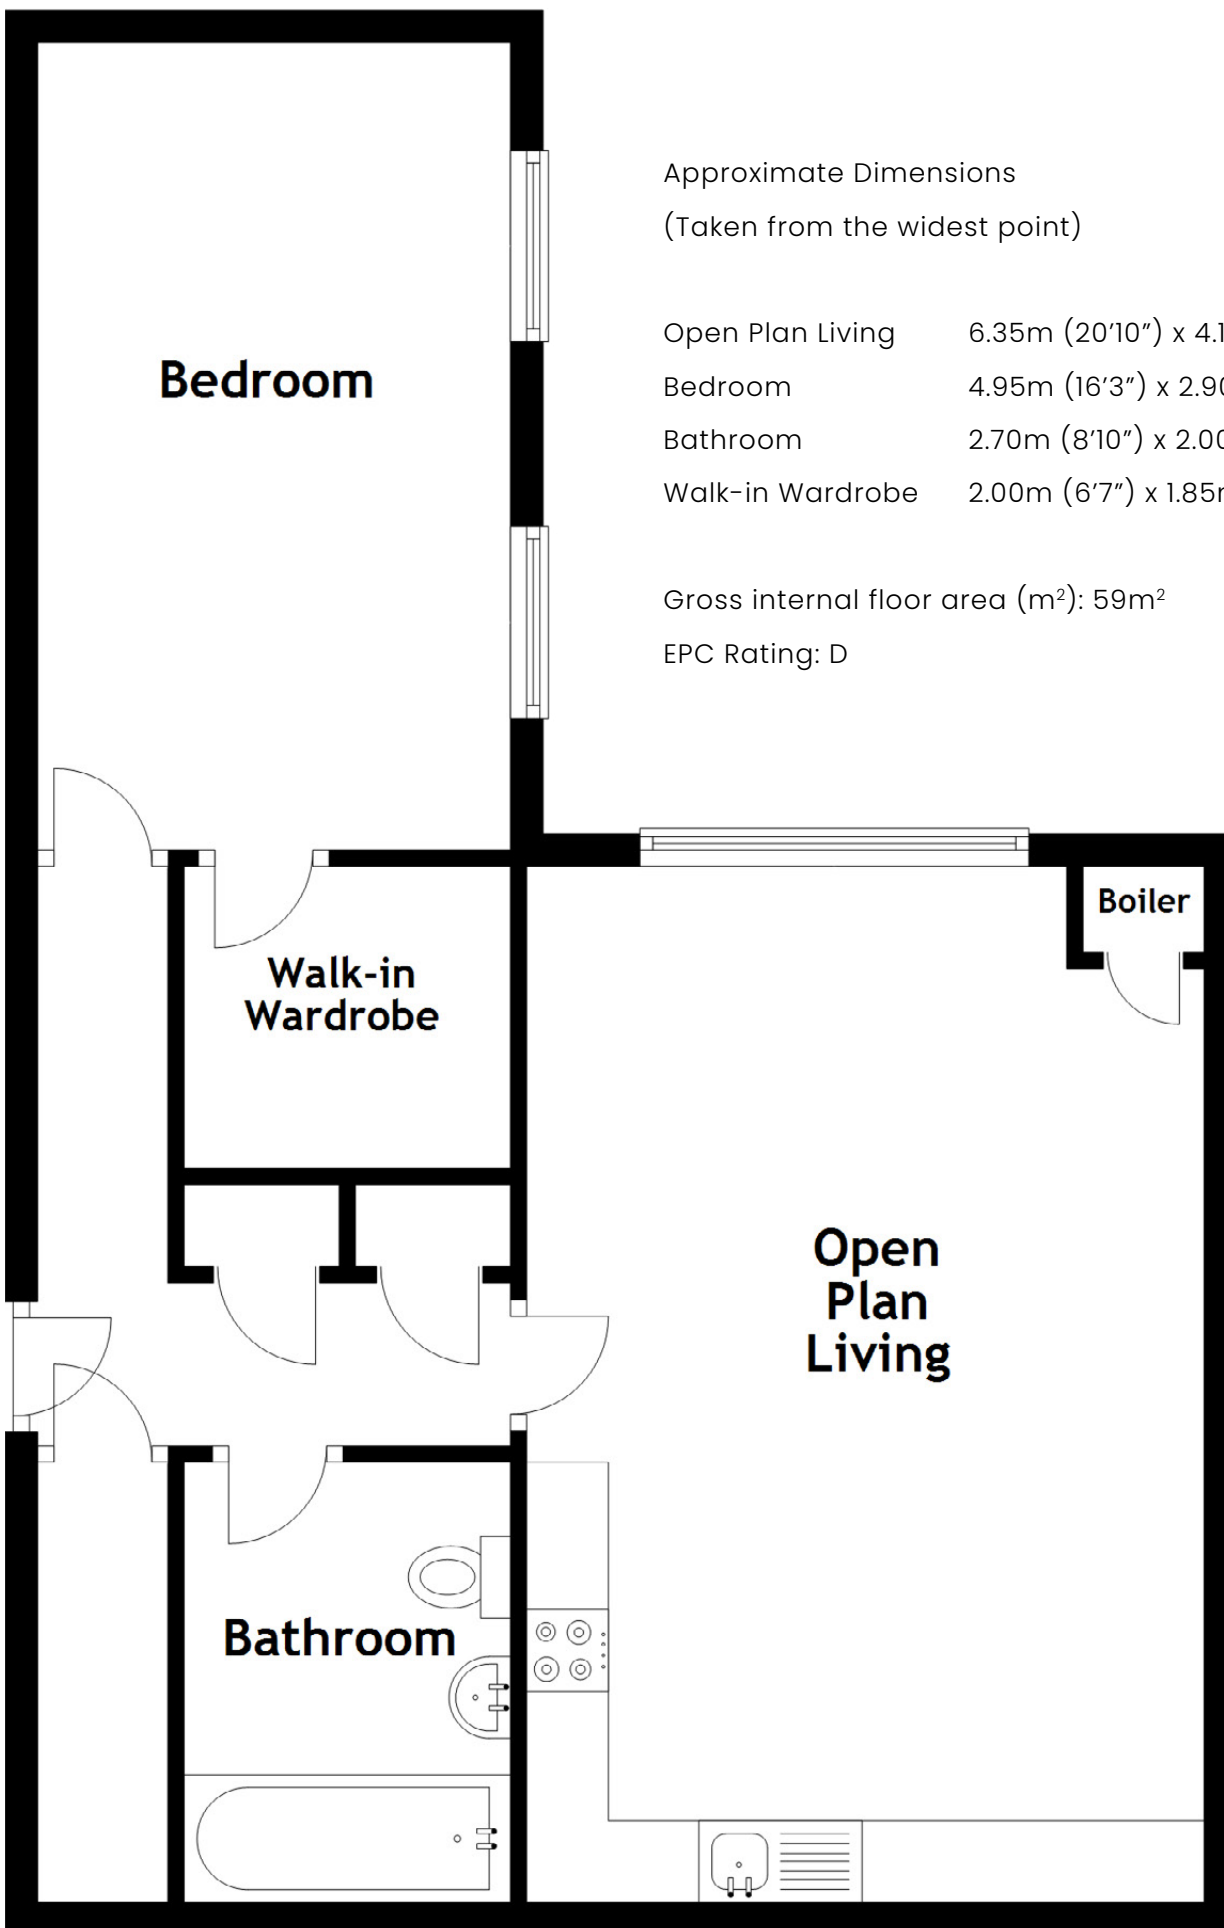

There is a family bathroom with shower over the bath which completes the accommodation internally.

Freshly restored windows and gas central heating has been provided throughout to create a warm, yet cost-effective way of living all year round.
