McEwan Fraser is delighted to present this two-bedroom ground-floor flat that forms part of Edinburgh City Council's Golden Share scheme. The property is offered to the market with a fixed price of 80% of the home report value and the buyer must meet the criteria for and be approved by the council. Purchasers must demonstrate that they are eligible and provide the necessary evidence to the City of Edinburgh Council to fund a Golden Share home, for example, evidence of a local connection or an inability to finance the purchase of the full market value of the property.

Golden Share is an affordable housing scheme which widens access to home ownership for individuals and families on low to average incomes. It is available to applicants who meet the eligibility criteria and can demonstrate affordable housing need. Golden Share homes have a simple price cap – you own 100% of the property but its price is capped at 80% of the open market value on first sale and all subsequent resales. This means that you will purchase the home at 80% of the current market value and you would have to sell it at 80% of market value when you come to sell in the future.
